As a medical interpreter	I want to create an account	so that I can access information about the disease likely to be covered in the interpreting encounter
As a medical interpreter	I want to sign in	
As a medical interpreter	I want to change my password	
As a medical interpreter	I want to sign out	
As a medical interpreter	I want to quickly find the doctor's contact information phone, pager, email	so I can more efficiently assist the patients who need us to help them communicate with the doctor on the phone
As a medical interpreter	I want to see the doctor's clinic affiliation (abbrev & full name)	so I will know the doctor's specialization and the likely type of encounter I will interpret for
As a medical interpreter	I want a quick synopsis, in English and Spanish of the doctor's sub-specialization	so that I can be better prepared to interpret for the disease likely to be discussed in the encounter
As signed-in medical interpreter	I want to create my own doctor profiles	so it reflects my own needs for my assignments
As signed-in medical interpreter	I want to to personalize my doctor's profiles with comments/notes	
As a medical interpreter	I want to create an account	so that I can access information about the disease likely to be covered in the interpreting encounter
As a medical interpreter	I want to sign in	
As a medical interpreter	I want to change my password	
As a medical interpreter	I want to sign out
